EDUCATION

Front-end-developer: Web-development Current

SaylaniMassItTraining(S.M.I.T) - Karachi, Sindh

As a **frontend developer**, I specialize in building responsive and user-friendly web applications using **HTML, CSS, JavaScript**. I have worked on multiple projects, developing authentication systems with Firebase, integrating third-party login options, and creating dynamic interfaces. I focus on optimizing performance, ensuring seamless user experiences, and continuously improving my skills by staying updated with the latest frontend technologies and best practices.
